Second Meeting Place: Maggie Valley Post Office at 8:00 AM - but contact leader first. This spectacular hike will feature a dramatic seasonal change and abundant wildflowers as we descend from 5900 ft. to 1900 ft. We will hike from the Fork Ridge parking area on Clingmans Dome Rd. via the Sugarland Mountain and Husky Gap Trails to US 276 instead of following the Sugarland Mountain Trail all the way. It will be interesting to see how the forest has recovered in an area that was burned in late 2016. Hikers must register with leader beforehand so that car shuttle arrangements can be made. Long car shuttle (or key swap if anyone volunteers to climb 4000 ft.)

A nice, quiet, easy spring hike, along the North Fork of the Mills River and Big Creek. This is a modification of hike #380. We start the hike at the Trace Ridge parking area (on FS 142, off FS 5000). We walk 1.5 miles on the gated portion of FS 142 (an old, almost unused, gravel/dirt road at this point) to the former Hendersonville water reservoir dam. We'll walk around the reservoir, crossing a medium length log bridge. From there, we'll walk another 1.5 miles on the Big Creek Trail, which is a true trail, not a road. At the 3-mile mark we'll have a lunch or snack before returning to the trailhead the same way we came in. There are no wet stream crossings on this hike, but there are several slightly muddy seeps and several small brook pools. Hopefully there will be wildflowers in bloom.

**Hiking Information:**  
CMC hikes are open to all and we welcome guests. Non-members need to call or email the hike leader to introduce themselves and find out more about the hike. All hikers are encouraged to call or email the leader if they have questions about the hike or the location of the meeting place. Hikes may be canceled by the leader due to adverse weather or dangerous roads. Minors are welcome on CMC hikes, if accompanied by a responsible adult. Pets are not allowed on CMC hikes.

**Hikers will carpool from the meeting places to the trailhead and back.**  
**Camping Information:** 
CMC does not require reservations. Hikers are expected to follow the leader’s instructions. No one should get ahead of the leader, or lag behind the sweep, without specific permission. Hikers should obtain the leader’s permission if they wish to leave the hike before its completion.

**Clothing and Equipment:** 
CMC’s website (www.carolinamountainclub.org, click on Hiking) has a full list of day hiking needs. Most critical are water, footgear, rain gear and a first aid kit. Carry at least two quarts of liquid (water, Gatorade, juice) for a full day hike, no matter what time of year. Hiking boots are recommended for all hikes. They should be broken in before the hike. Weather changes quickly in the mountains. Even if there is no sign of rain in the morning, you need to be prepared for an afternoon shower. Your first aid kit should include any personal medication, including allergy medication, if needed. Wear layered clothing – you’ll want to take layers off during a strenuous climb (some hikers consider it to be steep) to Hawkbill Rock. Diverse and centennial trees may be admired all the way on the ridge. Stop for a snack at Snowball Gap before return. The hike can be from 3 miles (1000-foot elevation gain) to 5 miles (2000-foot elevation gain). We will adjust distance by consensus of the hikers.
