

SAT, OCT 12TH

MT PISGAH TRAIL REHABILITATION

Join the Carolina Mountain Club as we restore this regional icon in Pisgah National Forest. We'll be out rehabbing the trail and making new friends. No experience necessary, experienced CMC trail crews will be on site to supervise and train.

YOU DO NOT HAVE TO BE A CMC MEMBER TO COME ON THESE WORK DAYS. We will have release forms you can fill out before we start work. **If you are under 18, you must have a parent or guardian with you.**

Please wear sturdy boots, long pants, bring work gloves, lunch and plenty of water. We will provide the tools.
